Social Impact - Unique HUB Zone Program

We are committed to complying with HUB Zone requirements but also to fulfilling the spirit of the Program. Every client engagement allows us to provide education, career development, and employment opportunities to disadvantaged members of our community. **For every two employees working on our government contracts, we provide a high school senior or recent high school graduate from a disadvantaged community with a monthly stipend, we cover the cost of their community college classes, and we mentor them as they work on a pro bono consulting assignment for a non-profit organization.** To receive these benefits, we require that they earn a high GPA and dedicate themselves to getting into a 4-year college. Our company culture thrives on our staff's dedication, knowing that the more we help others, the greater impact we have on our community. At Cambio, we lead by example!
